

Sprinkle, Scoop & Code - Middle School

"Sprinkle, Scoop & Animate is an engaging 3-day summer adventure tailored for middle school students, where they can immerse themselves in the world of animation through a delicious ice cream theme.

Campers will explore creative and hands-on activities that challenge them to bring their favorite frozen treats to life using advanced animation techniques. From animating virtual ice cream parlors to designing their own digital flavors, this camp offers a unique blend of technology and creativity for budding animators.

Throughout the camp, participants will dive into stimulating activities such as creating dynamic sundae animation games, developing interactive flavor generators, and animating sprinkle sequences. They will also have the opportunity to program and animate their own ice cream shop simulator, tackle creative animation challenges, and design a virtual ice cream truck experience. Join us for a summer filled with fun, creativity, and a sprinkle of animation magic that will inspire and excite middle schoolers!
