

## Elementary Chess Puzzle Session 2

Chess has become an international past time. In UIL Academics, students can participate in Chess through an event called Chess Puzzle. Students in this camp will have fun learning the strategy behind the game.

We will have a section for those who already know the game and want to improve strategy and another section for those wanting to learn how to play. Students would not want to take both sessions as they are repeats of one another unless the student first learned how to play in session 1 and then went to session 2 for strategy. Grades 2 - 5 in 2025-2026. No refunds after the last day of school.
