

Elementary VEX IQ Summer Camp - Grades 1-5

"Get ready for a week of high-tech discovery at our Elementary VEX Robotics Camp! Designed specifically for elementary students, this hands-on experience lets young engineers build, code, and explore the world of robotics in a safe and supportive environment. Using the VEX IQ Robotics system, campers will bring their creations to life while learning essential STEM skills. The week wraps up with a fun and friendly competition, where students can showcase their bots in action! It's going to be an unforgettable week of innovation, teamwork, and most importantly so much fun!"
