

SoundLab: A Music Production Camp Grades

7 & 8

SoundLab is a hands-on, 4-day music production camp for rising 7th–8th grade students. Using Ableton Live, students will create a new song each day while exploring different music styles including hip hop, EDM, and more. Campers will learn how beats, basslines, chords, and melodies work together to build a complete song—no prior music experience required. By the end of the camp, students will leave with four original tracks and a strong foundation in modern music creation.

Camp Start Date: June 1, 2026
